COFFEE GENIUS

CREATED FOR THE MOST DEMANDING CUSTOMERS WHO WANT TO GET THE BEST COFFEE BREW, AND AT THE SAME TIME PERFECTLY PROTECT THE MACHINE AGAINST ALL DEPOSITS AND CORROSION.

DUE TO THE VERY LOW OPERATING COSTS, IT IS RECOMMENDED WHEREVER THERE IS A HIGH DEMAND FOR TREATED WATER.

THE COFFEE GENIUS BASED ON NANOMOLECULAR TECHNOLOGY. IT LEAVES FAR-REACHING, WIDELY USED SOLUTIONS CONSISTING OF CARTRIDGES REPLACEMENT.

CREATE FOR DEMANDING CUSTOMERS!

PROFESSIONAL BARISTAS KNOW WELL THAT IN ORDER TO GET THE PERFECT BREW, YOU NEED TO PREPARE / TREAT WATER VERY PRECISELY.

IT IS THE ONLY SYSTEM ON THE MARKET THAT PROVIDES OPTIMAL WATER PARAMETERS ACCORDING TO THE MOST DEMANDING STANDARDS.

COFFEE GENIUS:

💧 NEUTRAL PH

💧 REDUCED OF CARBONATE HARDNESS

💧 OPTIMAL AMOUNT OF MINERALS. TOO MUCH MINERAL WILL PROVIDE THICKER COFFEE WITH STRONG CREMA, BUT THE BREW WILL BE DEPRIVED OF THE BEST FLAVORS AND AROMAS. WITH A SMALL AMOUNT OF MINERALS, YOU CAN GET COFFEE WITH INTENSE FLAVORS AND AROMAS, BUT LESS INTENSE COLOUR AND WITH LITTLE CREMA. OBTAINING THE OPTIMAL BREW QUALITY IS VERY DIFFICULT.

💧 REMOVING ALL CHEMICAL AND ORGANIC IMPURITIES AFFECTING THE TASTE AND SMELL OF WATER (COFFEE)

💧 VERY LOW OPERATING COSTS

PRE - FILTRATION

PREFILTER AF - C2
FOR CFG 120 / 90 / 60

A SET OF 3 FILTERS
FOR CFG 24

PRESSURE STORAGE TANKS

TECHNICAL PARAMETERS:

MODEL	GROSS CAPACITY [L]	NET CAPACITY [L]	DIMENSIONS / DIAMETER / HIGH / [mm]	CONNECTIONS [INCH]
RO 12	15	12	250 / 400	1 / 4"
RO 30	38	30	400 / 600	3 / 4"

RO 12

RO 30

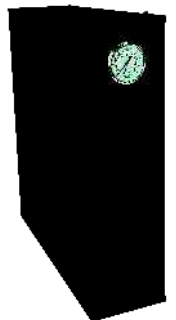

NANO - MOLECULAR FILTRATION - CFG SERIES

TECHNICAL PARAMETERS:

MODEL	EFFICIENCY* [L/h] FOR WATER TEMP. OF 15°	MAX INLET WATER TEMPERATURE [C°]	DIAMETER CONNECTIONS [INCH]	DIMENSIONS / D / W / H / [mm]
CFG 120	120	< 30	1/2 ; 3 / 8	510 / 140 / 500
CFG 90	90	< 30	1/2 ; 3 / 8	510 / 140 / 500
CFG 60	60	< 30	1/2 ; 3 / 8	510 / 280 / 500
CFG 24	24	< 30	1/4 lor 3 / 8	150 / 425 / 460

CFG 24

CFG 120
CFG 90
CFG 60

*DEVICE PERFORMANCE DEPENDS ON LOCAL CONDITIONS SUCH AS PRESSERE, TEMPERATURE AND FEED WATER QUALITY
